

**CURRENT PRACTICE:**

Protected title is **APN** (Advanced Practice Nurse)  
**Certification & graduate education NOT** required as a condition of APN practice  
**Physician collaboration** agreement is mandated as condition of APN practice

**THE GAP:**

Protected title is NOT **APRN** (Advanced Practice Registered Nurse) which is endorsed by Consensus Model  
**Prescriptive authority** exists without **national certification & graduate education**  
**Physician collaboration** reduces Hoosier access to primary health care providers

**THE SOLUTION:**

**Modernize APRN Practice in Indiana**
